**Keller Electrical Industries, Inc. named an
Authorized Service and Repair Facility for Dynapower Corporation**

PHOENIX, ARIZONA, July 20, 2015 - Keller Electrical Industries, Inc. is excited to announce that we have been named to serve as an authorized repair and service facility for Dynapower Company LLC.

Dynapower Company is proud to celebrate over 50 years of providing power electronic solutions. Dynapower is a global leader in the design and manufacture of AC and DC power supplies, energy storage systems and custom transformers. Their product scope includes integrated systems from 10 kilowatts to 50 megawatts. Dynapower's modern 150,000 sq/ft. facility in South Burlington, VT is vertically integrated with the capability to design, manufacture and test complete power systems including transformers of all types. Dynapower's continued growth over the last 50 years is attributable to a firm commitment to research and development, continuous improvement, and innovative designs. Their products and services include: Industrial Rectifiers, Switchmode Rectifiers, Bi-Directional Inverters, High Power Rectifier Systems, Transformers, Controls, Spare Parts, and Technical Service & Support.

Founded in 1982, Keller Electrical Industries, Inc. is a leading provider of industrial electrical motor repairs and service, custom motor control manufacturing and distributor of heavy duty motors and equipment. Keller boasts a state-of-art facility which houses the Company's corporate headquarters along with its manufacturing, repair, electrical engineering and design divisions, as well as a product distribution facility. The 105,000 sq/ft. facility includes 270 KW of roof-top solar power generation that provides a significant portion of the Company's energy consumption needs. The facility includes the most modern and technologically advanced motor repair, manufacturing, production and testing equipment available in the world. Keller's team represent over 1,000 years of combined experience and have the training and skills needed to support today's industry.

To put Dynapower to work for you, contact our Sales department, by phone: 602-437-3015 or by e-mail: sales@kellerelectrical.com to coordinate and schedule service or repair.

Keller Electrical Industries, Inc. is headquartered in Phoenix, Arizona and provides services throughout the state and southwest including California, Nevada, Utah and New Mexico. More information about the company is available at www.kellerelectrical.com.
